

ATHENA

Manual MAP Sealing Machine,
with or without MAP

ATHENA uses Hefestus Technologies' SLB™ sealing technology in a compact, manual, easy to operate, low maintenance machine..

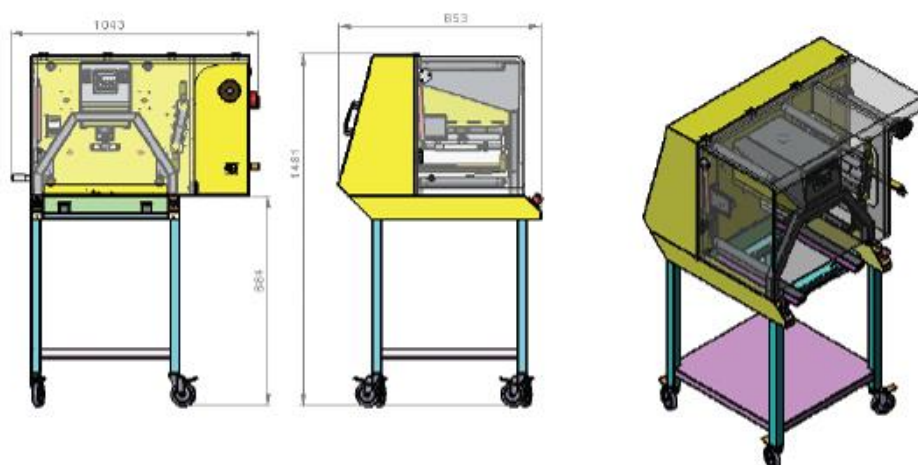

ATHENA is our best selling model - used by small & medium packers and as a handy addition for large producers.

Extremely compact and attractively priced, the **ATHENA** is also ideal for R&D in academic, medical, agricultural and food packaging research.

MAP sealing process is **fully automatic**, ensuring best results every time.

Multiple sealing heads can be used for various trays.
Changeover time is 3 minutes short - no tools required.
